 When I stepped out of the boat
 Was a sea of people
 All looking at me with great delight
 And I felt a great joy
 As I saw them all so glad to see me
 And I felt a great joy
 As I saw them all so glad to see me

Carey, L. C. & Co. New York

1. The first part of the paper is devoted to a general discussion of the problem of the origin of life. It is shown that the problem is one of the most important and interesting in the history of science.

Crested Gull
and many other birds
were seen flying over the water.
A few were also seen on the shore.
The water was very calm and the sky was clear.
The sun was shining brightly and the air was warm.
